GLOBAL HUMANE CONSERVATION FUND OF AFRICA (GH-CFA)

Global Humane launched the Global Humane Conservation Fund of Africa (GH-CFA), a South Africa-based non-profit charity devoted to conserving, rewilding, and safeguarding Africa's biodiversity.

One of the GH-CFA's initiatives seeks to leverage technology to combat poaching threats and help protect rhinos. We worked alongside several partners to install and operate a state-of-the-art, A.I.-enabled protection system on Southern White Rhinos.

GLOBAL HUMANE CERTIFIED TOURISM

In 2023 we launched the Global Humane Tourism program to recognize those leading wildlife reserves, lodging facilities, and tour operators for their humane responsibility toward the animal life that these operations may encounter and have the potential to impact.

This past year we recognized one new entity to be certified through this program: Raggy Charters Marine Eco-Tours.
